55 – 64

65+

Why are we asking your age? Knowing the age range of our members helps us to provide activities and meeting speakers which appeal to everyone. If you'd rather not provide this information, we understand.

The MST sends email to its members on an occasional basis, to inform members of upcoming events, meetings and educational courses, and to send information about MST business. Additionally we send email to members in order to publish spring and fall foray schedules (twice yearly) and to notify members that new editions of the Mycelium newsletter are available (four times yearly). If you prefer not to receive any email from the MST, including foray schedules, please check the box below. You can change this preference in your account settings at any time.

I do not wish to receive any email communications from the MST

All Mycological Society of Toronto members are required to accept the MST's Code of Conduct and Anti-Harassment Policy, found at <https://www.myctor.org/about/policies>. Please indicate your acceptance below.

I agree to the MST's Code of Conduct and Anti-Harassment Policy
